The passive anti-theft system (PATS) is installed on every Ford Expedition at the factory.
While some erroneously call this system the factory alarm, it really is not an alarm system.
The PATS system will arm itself if someone attempts to start the vehicle with anything other
than the PATS key programmed to that specific vehicle.

Some anti-theft lights blink by default (a small red light near the dash, for example is there to warn off thieves). If this is some other type of light then disconnect your battery (negative first then positive) for 30 minutes and reconnect in reverse order (positive then negative). This should reset the computer.
