BMW, that most performance-oriented of car companies, had no affordable sports roadster in its line-up before 1995. Stung into action by Mazda's revival of the classic two-seater roadster, the Germany company quickly staked its claim with the Z3, a classic long-nose, short-tail design that used existing BMW mechanical hardware to good effect. This new book tells the story of BMW's Z3 and Z4 two-seater roadsters and coupes, which since 1995 have been at the forefront of the affordable sports car market. The history of the Z3 and both generations of Z4 are covered as well as full specifications of all models; the formidable M Power derivatives and a guide to buying and owning. The book is profusely illustrated with over 200 colour photographs and diagrams. Contents include: Historical background to BMW's arrival in the two-seater sports car market; Complete history of the Z3 and both generations of Z4; Full specifications of all models; The formidable M Power derivatives; Guide to buying and owning.

The sign of the white and blue propeller circle has signified BMW since the 1930s: sporty, dynamic, radiating brilliance and timeless elegance. The mention of BMW brings to mind legendary cars like the pre-war 328, the 507 from the 1950s, or the M1 of the 1970s. But the name BMW also stands for attempts to lend mobility to a wide class of buyers, for example with the Isetta and the 700. In an historical overview, this book first tells the legendary history of the Bavarian automobile firm and goes back to its beginning, the traces of which are lost in the darkness of the First World War. This book introduces all car models in chronological order, from the "Wartburg Motorwagen" of 1898 to the Mini Roadster of 2012. Includes the following new models: BMW1 F20 BMW3 F30 BMW5 F10 BMW6 Gran Coupé BMW X3 F25 BMW X5 E70 Mini Countryman Mini Roadster R59
