Casarett & Doull's Toxicology: The Basic Science of ...
The ninth edition of Casarett and Doull's Toxicology: The Basic Science of Poisons, as in previous editions, is meant primarily as a text for, or an adjunct to, graduate courses in toxicology. Because the eight previous editions have been widely used in courses in environmental health and related areas, an attempt has been made to maintain those characteristics that will again provide information on the many facets of toxicology, especially the principles, concepts, and modes of thoughts ...
