US History I. An Interpretive History of Life in America, 1492-1877. Exam Review. UNIT 3 EXAM: "The Market Revolution" -- 1815-1840. Multiple Choice-- 40% [NOTE: See quizzes and notes for lecture and textbook subjects.]. Essay-- 60% . Answer one (1) of the following questions with an extended essay that draws upon class lectures and assigned readings.

The leading U.S. history textbook, with a new focus on "Who is an American?"

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Throughout history, some books have changed the world. They have transformed the way we see ourselves—and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives—and destroyed them. Now, Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization, and helped make us who we are. Penguin's Great Ideas series features twelve groundbreaking works by some of history's most prodigious thinkers, and each volume is beautifully packaged with a unique type-drive design that highlights the bookmaker's art. Offering great literature in great packages at great prices, this series is ideal for those readers who want to explore and savor the Great Ideas that have shaped the world. Published anonymously in 1776, six months before the Declaration of Independence, Thomas Paine's *Common Sense* was a radical and impassioned call for America to free itself from British rule and set up an independent republican government. Savagely attacking hereditary kingship and aristocratic institutions, Paine urged a new beginning for his adopted country in which personal freedom and social equality would be upheld and economic and cultural progress encouraged. His pamphlet was the first to speak directly to a mass audience—it went through fifty-six editions within a year of publication—and its assertive and often caustic style both embodied the democratic spirit he advocated, and converted thousands of citizens to the cause of American independence.

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, *Give Me Liberty!* delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool. The best-selling Seagull Edition is also available in full color for the first time.

In 1637 the Puritans of Massachusetts and the fledgling colony of Connecticut declared war on the Pequot Indians--the most powerful of all the New England tribes. The Pequots' seat of power was near the mouth of the Thames River, at New London and Mystic. The area under their control, roughly two thousand square miles, stretched far beyond the Connecticut River and included parts of Long Island. The objective of the English was not merely to defeat the Pequots, but to annihilate them entirely, to destroy them as a people. The Pequot War was the first genocidal war fought in New England. What--if anything--had the Pequots done to incur the wrath of the English? Why did the English undertake such a vicious campaign? Why did the Narragansetts and Mohegans side with the English? What role did the Dutch play in the war? Why did the Pilgrims of Plymouth Colony refuse Massachusetts' request for assistance? Edward Lodi provides answers to these and other questions. Drawing upon numerous sources, including seventeenth-century narratives by men who fought in the war--John Mason, leader of the Connecticut forces; John Underhill, leader of the Massachusetts forces; and Lion Gardiner, in charge of the fort at Saybrook--Lodi presents a lively description of the war, along with a Chronology and Brief Biographies of more than one hundred and fifty significant players: English, Indian, and Dutch.

An analysis of the Pequot War (1636-1637), a pivotal event in New England colonial history. After years of peace, Puritan settlers mounted a brutal assault on the Pequot Indians of Connecticut. This book refutes claims that the settlers acted defensively to counter a Pequot conspiracy.

"My favorite historical novel . . . a superb re-creation of the Battle of Gettysburg, but its real importance is its insight into what the war was about, and what it meant."—James M. McPherson In the four most bloody and courageous days of our nation's history, two armies fought for two conflicting dreams. One dreamed of freedom, the other of a way of life. Far more than rifles and bullets were carried into battle. There were memories. There were promises. There was love. And far more than men fell on those Pennsylvania fields. Bright futures, untested innocence, and pristine beauty were also the casualties of war. Michael Shaara's Pulitzer Prize-winning masterpiece is unique, sweeping, unforgettable—the dramatic story of the battleground for America's destiny.

This volume collects two versions of the United States Declaration of Independence, one with the original capitalization and one with modernized capitalization. Also included: the French Declaration of the Rights of Man and of the Citizen (written by The Marquis de Lafayette, with help from his friend and neighbor, American envoy to France, Thomas Jefferson).

"For we must consider that we shall be as a city upon a hill,' John Winthrop warned his fellow Puritans at New England's founding in 1630. More than three centuries later, Ronald Reagan remade that passage into a ... celebration of American promise. How were Winthrop's long-forgotten words reinvented as a central statement of American identity and exceptionalism? In [this book], ... Daniel Rodgers tells the surprising story of one of the most celebrated documents in the canon of the American idea"--Dust jacket fla
