Inside the Poker Mind: Essays on Hold 'em and General ...

In Inside the Poker Mind we have a collection of essays which relate Feeney's thoughts about poker and the folks who play it. This book is divided into five sections. After some introductory material, Part One begins covering what Feeney calls "Technical Points". These essays cover a variety of subjects, and I don't really know what the section title refers to.

Review of Inside the Poker Mind

The subtitle of this book, "Essays on Hold 'em and General Poker Concepts," is more accurate, since it reads like a follow-up to the also-excellent "Theory of Poker" by David Sklansky. As such, this is an advanced poker text and should ideally only be read by those who have already absorbed several other poker books.

General Poker ...

I find the title of this book to be slightly misleading:
"Inside the Poker Mind" is a collection of essays on
what NOT to do as a poker player (e.g. do not get
smug and play weak cards, do not go on tilt, do not
overestimate your odds, do not play beyond your
means, do not take bad beats personally, etc.).

John Feeney (Author of Inside the Poker Mind) Poker Essays, Volume II by Mason Malmuth. This text contains those essays that this author wrote from 1991 through early 1996. Topics include handling rushes, moving up, poker skills, how to play well, chopping the blinds, and cardroom theory. Poker Essays, Volume III by Mason Malmuth.

Poker Books - Best Poker and Gambling Books Online
Poker psychology has been studied and written about ad nauseam. It is a field that has fascinated psychologists, coaches, and players for eons. There is something magnificent about going head-to-head against great poker talent and emerging victorious. Some players rely on good fortune to get them through SNGs and MTTs.
