The first edition of Percorsi quickly became one of the best-selling elementary Italian texts. The new second edition features a new design, more focus on skills-development, updated cultural information and a full version of MyItalianLab. Percorsi is an introductory program that promotes the acquisition of Italian language and culture through the integration of the \u0026 Cs\ principles of the National Standards for Foreign Language Education. Percorsi is designed to provide beginning learners with a variety of tools to develop their communicative competence in the four major language skills-listening, speaking, reading, and writing-as they acquire familiarity with Italian culture. All of the features in Percorsi have been carefully thought out to support the two key aspects of the language acquisition process: language comprehension and language production. From the start, carefully structured communicative activities based on authentic materials and texts encourage students to use Italian in everyday situations. Generous use of authentic content also offers students a chance to develop reading skills while gaining cultural awareness and understanding of Italian communities and traditions throughout the world. In addition, each chapter explicitly promotes cultural exploration through illustrated presentations that are followed by activities facilitating comprehension and highlighting cultural comparisons. Students are encouraged to analyze and compare extremely varied aspects of Italian culture while making connections to their own experiences. MyItalianLab will be available for Fall 2011 courses.

The Second Edition of Parlamo italiano! instills five core language skills by pairing cultural themes with essential grammar points. Students use culture-the geography, traditions, and history of Italy-to understand and master the language. The 60-minute Parlamo italiano! video features stunning, on-location footage of various cities and regions throughout Italy according to a story line corresponding to each unit's theme and geographic focus.

Welcome to the second edition of Avanti! In the new edition out priorities remain the same as those of the first edition, to provide an introductory language course that meets the needs of both instructors and learners. Three significant characteristics set Avanti! apart from other first-year Italian texts: First, Avanti! satisfies students' desire to communicate in everyday situations right from the start and to explore Italy's rich and unique culture in meaningful ways. Second, Avanti! responds to instructors' concern that most textbooks attempt to cover too much material in the first year. We have designed an elementary course that reflects reasonable expectations for the amount of material that most beginning learners can acquire in one year of classroom instruction. Third, the methodology of Avanti! is firmly grounded in current findings of research in second language acquisition and foreign language pedagogy. The materials provide support for instructors, particularly those with limited experience, whose goals are to teach mainly, if not exclusively, in Italian, and to create the student-centered, communicative classroom environment that is promoted by this research. The title Avanti! was chosen to convey the forward-thinking approach of this exciting new program.

A brand new Italian series for beginner students in Years 7-10. Level 1 is intended for Years 7-8 and Level 2 for Years 9-10 Written to meet the full requirements of the Australian Curriculum: Languages Italian, Parlamo Italiano Insieme is the ideal course to support you and your students with transition to the new curriculum Combining a well-paced approach with a focus on intercultural skills, your students will be able to improve their language skills with confidence while developing their intercultural competence A full suite of engaging print and digital resources including fun interactive activities for language practice and audio material by Italian native speakers.

World War II stories on Italian women in the Resistance as heroines and traitors, and the way they exploited their femininity. In Red Flag, a woman hides guns by covering them with a soiled sanitary napkin.

'Basic Italian' provides readers with the basic tools to express themselves in a wide variety of situations. The book contains 23 individual grammar points in lively and realistic contexts.

This new edition of the Modern Italian Grammar is an innovative reference guide to Italian, combining traditional and function-based grammar in a single volume. With a strong emphasis on contemporary usage, all grammar points and functions are richly illustrated with examples. Implementing feedback from users of the first edition, this text includes clearer explanations, as well as a greater emphasis on areas of particular difficulty for learners of Italian. Divided into two sections, the book covers: traditional grammatical categories such as word order, nouns, verbs and adjectives language functions and notions such as giving and seeking information, describing processes and results, and expressing likes, dislikes and preferences. This is the ideal reference grammar for learners of Italian at all levels, from beginner to advanced. No prior knowledge of grammatical terminology is needed and a glossary of grammatical terms is provided. This Grammar is complemented by the Modern Italian Grammar Workbook Second Edition which features related exercises and activities.
