differences between advanced liberal democratic and other states.

The state : theories and issues (Book, 2006) [WorldCat.org]

More recently the concept of the absolute, supreme, and indivisible sovereignty of the state has been attacked, both because of the existence of organizations within the state which seem to have a juristic life and authority of their own, and because, in the relations among states, the theory of the equality and independence of the state conflicts with actual inequalities and with various degrees of dependence.
