The Mind Dimensions never cease to impress Would you listen to The Thought Pushers again? Why? Yes, I would listen to the book again. But I couldn't decide which one is better. I don't think that one is better than the other. Both have their pro's and con's.

From USA Today bestselling authors comes the highly anticipated sequel to The Thought Readers What am I? Who killed my family? Why? I need to get some answers before the Russian mob succeeds in killing me. That is, if my own friends don't kill me first.

kind of textbook... After the success of the first edition of Learn by Reading, we decided to bring you the second volume. This book uses the second volume in the Mind Dimensions series as the underlying text. If you haven't read volume 1, we recommend you start there. Though you could still get the educational benefits by starting from this volume, you will be missing critical information required for enjoyment of the story—and in our opinion, enjoyment is critical to the learning process.

A new series about mind readers from a New York Times and USA Today bestselling author... Everyone thinks I'm a genius. Everyone is wrong. Sure, I finished Harvard at eighteen and now make crazy money at a hedge fund. But that's not because I'm unusually smart or hard-working. It's because I cheat. You see, I have a unique ability. I can go outside time into my own personal version of reality—the place I call "the Quiet"—where I can explore my surroundings while the rest of the world stands still. I thought I was the only one who could do this—until I met her. My name is Darren, and this is how I became entangled with all the Russians and learned that I'm a Reader.

From a New York Times and USA Today bestselling author comes a novelette in the Mind Dimensions series. This short story does not require you to have read the other books in the series. I can stop time, but I can't change anything. I can access memories, but not far enough. My name is Mira, and my life is about finding the Russian mobster who killed my family. Please be sure to check out our other Free Books.

Getting ahead in life is easy when you can stop time. Staying ahead is hard when your secrets have the power to destroy everything. I've been cheating at life and winning. My boss thinks I'm a genius, my bank account is stacked, and I haven't lost a poker game in my life. I thought I was the only one with this ability until I came across her. Smoking hot and snarky, Mira can freeze time as well. And that's just the tip of the iceberg. There's a whole community of people like us, the so-called Thought Readers. But just as I'm starting to fit in, I discover something that could turn them all against me. Something that could destroy my new world.

Mira can also stop time, and she's the key to unraveling Darren's past. The only problem?

She wants nothing to do with him. But when Darren gets caught in the middle of Mira's secret revenge mission, the two must work together. From New York Times and USA Today bestseller Dima Zales comes the exciting sequel to Mind Machines I saved the day, I got the girl, and we're on the verge of changing the world. Everything is possible with technology that can transform your brain and make you more than human. My only problem? Nightmares keep me up at night, and I can't shake the feeling I'm being watched. Everyone tells me I'm paranoid. But what if they're wrong?

Think your dreams are private? Think again. As a dreamwalker, I can ease your nightmares, inspire creation, or steal memories, all for the small price of a buttload of cash. I need the money to save my mom's life, and the clock is ticking. Then a gorgeous illusionist comes into the picture—though those mouthwatering looks may just be his powers in action. He sends me on a job with a major paycheck, but the pucking vampires show up and ruin everything. As usual, they suck. Now I'm knee-deep in a murder case where the victims and the perps could all kill me with a snap of their fingers. Throw in a creepy castle, a stinky moat, and a legendary monster, and we've got ourselves a party. Especially when the bodies begin to pile up. My name is Bailey Spade, and if I don't solve this case, I'm dead.
