Irving's astonishing first-person account of his development into an expert assassin offers a fascinating and extremely rare view of special operations combat missions through the eyes of a Ranger sniper during the Global War on Terrorism. From the brotherhood and sacrifice of teammates in battle to the cold reality of taking a life to protect another, no other book dives so deep inside the life of an Army sniper on point.

Think 'Jason Bourne meets Bob Lee Swagger' then buckle up and get ready for one hell of a read!" —Brad Thor, #1 New York Times bestselling author of Use of Force "A compelling and intriguing tale, layered with suspense, told by two people who know what they're talking about. This one goes on your keeper shelf." —Steve Berry, New York Times bestselling author of The 14th Colony American hero, or unhinged vigilante? In Reaper: Ghost Target, Vick "The Reaper" Harwood is an esteemed sniper with a record kill count—33 kills in 90 days—when he is knocked out under mortar attack in Afghanistan. He wakes up back in the United States with little memory of what happened, his spotter and gun both unrecovered from the battlefield. Harwood has resigned himself to slowly picking up the pieces of his life, training Special Forces snipers in Fort Bragg, North Carolina, and starting a promising relationship with an Olympic medalist named Jackie. But when a series of assassinations start occurring in the area, Harwood can't explain why he just happens to be nearby for each killing—or how a sniper rifle that matches the description of the one he lost seems to be involved. His memory of the past few days is hazy and full of blackouts, and even he has to wonder, is he being framed? Or is he the killer? As Harwood runs from the authorities, his girlfriend falls off the radar, his missing spotter resurfaces, and the assassinated men are outed as drug and sex traffickers. Nothing is adding up. Harwood realizes he has to unravel this mystery, and fast, or find himself paying the ultimate price for crimes he may not have committed.

Nicholas Irving's Reaper: Drone Strike is the next book in the explosive thriller series by the former special operations sniper and New York Times bestselling author of The Reaper. On a classified mission to help the Israeli Defense Forces stop a Syrian and Hezbollah invasion to seize the Golan Heights, Ranger sniper Vick Harwood and his spotter go deep undercover. Operating with limited support from the American and Israeli governments, Vick is out on the edge. Alessandra Cavezza, Director of Operations in Syria for the Italian UN Commission for Refugees, is moving families out of an embattled neighborhood. The nearby vacant suburb has been a haven for anti-Assad forces, ISIS militants, and Russian private military contractors. As she crawls into the basement of a home to help find a young girl's doll, she finds a secret room that has detailed descriptions of unthinkable attacks on the United States, and falls into the hands of a madman: Jasar Tankian, Lebanese mastermind behind the plots. As Syrian tanks attempt to push through Israeli defenses at the border, Team Reaper picks off Syrian tank commanders as they battle Israeli tanks, jets, and infantrymen. Combat intensifies as Vick goes black on ammunition. Commandeering a cargo drone to deliver Team Reaper to a landing zone near the coordinates, Vick becomes Alessandra's—and America's—only hope for survival.

The next book in the explosive new thriller series by former special operations sniper and New York Times bestselling author of The Reaper. A convoy of cars carrying several family members of the President's cabinet to Camp David for "Family Day" is ambushed, killing and wounding wives, husbands and children. Immediately in the aftermath, Vick Harwood watches a Facebook live feed of his former ranger buddy Sammie Samuelson's apparent suicide and confession in his Thurmont, Maryland apartment, just one mile from Camp David. Remnants of a firefight are in the background: sniper rifle, rocket launchers, and ammunition. Simultaneously, an intruder breaks into Harwood's house. Harwood arrives in Thurman to investigate the suicide and, with the help of attractive FBI agent Valerie Hinojosa, traces evidence left by Samuelson to a fiendish plot involving transnational terrorists and domestic political opponents. Meanwhile, the president wants retribution, and will stop at nothing to get it. Harwood joins Team Valid, whose mission is to kill the family members of terrorists and eliminate their seed from the earth. Team Valid, consisting of Hinojosa, Harwood, a Navy SEAL sniper, and a Marine Force Recon sniper, travels to Crimea, Iran, and Azerbaijan before realizing the mission is not what it seems. Harwood struggles to balance his orders with his sense of right and wrong—without losing his life in the process. As Samuelson is implicated in the Camp David ambush, it is a race to protect his remaining family and uncover the sinister plot in the homeland.

Nicholas G. Irving gives a first hand account of his last deployment to Afghanistan as a Sniper Team Leader conducting over 80 special operations behind enemy lines and achieving his 233 kills.
