In its structure, Written on the Body most closely resembles monologue. It is an examination of the past, told as the narrator languishes alone in a rented room, at the end of a long, dry summer ...

Written on the Body Analysis—eNotes.com
An narrator spends almost a year away from Louise, imagining her going through her treatments with Elgin at her side. However, the narrator misses Louise so much that the only way to deal with it is to learn all there is to know about the human body. Soon the narrator knows all there is to know about cancer and the systems of the body.

Written on the Body Quotes by Jeanette Winterson
Written on the Body is a secret code only visible in certain lights: the accumulation of a lifetime gather there. In places the palimpsest is so heavily worked that the letters feel like braille. I like to keep my body rolled away from prying eyes, never unfold too much, tell the whole story. I didn't know that Louise would have reading hands. She has translated me into her own book. Why buy ...

Written On The Body By Jeanette Winterson | Used ...
Written on the Body by Jeanette Winterson is not really a novel, as much as a meditation on romantic love, sex, and what it means to be an embodied being. There are some neat tricks in the novel. We never find out if the narrator is male or female. So eros becomes free floating, detached from gender. This brings with it limitations. Male and female desire have elements in common, but also ...

Fiction Book Review: Written on the Body by Jeanette ...
One of the most significant pieces of evidence to allude to this understanding is shown as the narrator states: "Written by the body is a secret code only visible in certain lights; the accumulations of a lifetime gather there. In places the palimpsest is so heavily worked that the letters feel like braille.

A combined love story and philosophical meditation on the body as a physical phenomenon thrusts the reader into the life of a married woman and her erotic relationship with an unidentified lover who narrates the story

The most beguilingly seductive novel to date from the author of The Passion and Sexing the Cherry. Winterson chronicles the consuming affair between the narrator, who is given neither name nor gender, and the beloved, a complex and confused married woman. "At once a love story and a philosophical meditation." —New York Times Book Review.

The most beguilingly seductive novel to date from the author of The Passion and Sexing the Cherry. Winterson chronicles the consuming affair between the narrator, who is given neither name nor gender, and the beloved, a complex and confused married woman.

'This book is a deep, sensual plunge, a worship of the body, inside and out' The Times In a quiet English suburb, a love affair ignites. For our nameless narrator, Louise is the last in a long line of explosive passions, but the first to have broken their heart. With Louise's husband, Elgin, blocking love's course, their affair is doomed to unravel - until, that is, a terrible choice must be made. With its witty and masterful prose, Written on the Body takes the reader on a beguiling and defying exploration of love and its physical forms. 'An ambitious work, at once a love story and a philosophical meditation on the body' Sunday Telegraph

This work comprises a collection of influential readings in feminist theory. It is divided into four sections: "Reading the Body"; "Bodies in Production"; "The Body Speaks"; and "Body on Stage".

Despite the social sciences' growing fascination with tattooing--and the immense popularity of tattoos themselves--the practice has not left much of a historical record. And, until very recently, there was no good context for writing a serious history of tattooing in the West. This collection exposes, for the first time, the richness of the tattoo's European and American history from antiquity to the present day. In the process, it rescues tattoos from their stereotypical and sensationalized association with criminality. The tattoo has long hovered in a space between the cosmetic and the punitive. Throughout its history, the status of the tattoo has been complicated by its dual association with slavery and penal practices on the one hand and exotic or forbidden sexuality on the other. The tattoo appears often as an involuntary stigma, sometimes as a self-imposed marker of identity, and occasionally as a beautiful corporal decoration. This volume analyzes the tattoo's fluctuating, often uncomfortable position from multiple angles. Individual chapters explore fascinating segments of its history--from the metaphorical meanings of tattooing in Celtic society to the class-related commodification of the body in Victorian Britain, from tattooed entertainers in Germany to tattooing and piercing as self-expression in the contemporary United States. But they also accumulate to form an expansive, textured view of permanent bodily modification in the West. By combining empirical history, powerful cultural analysis, and a highly readable style, this volume both draws on and propels the ongoing effort to write a meaningful cultural history of the body. The contributors, representing several disciplines, have all conducted extensive original research into the Western tattoo. Together, they have produced an unrivalled account of its history. They are, in addition to the editor, Clare Anderson, Susan Benson, James Bradley, Ian Duffield, Juliet Fleming, Alan Govenar, Harriet Guest, Mark Gustafson, C. P. Jones, Charles MacQuarrie, Hamish Maxwell-Stewart, Stephan Oettermann, Jennipher A. Rosecrans, and Abby Schrader.

Lambda Literary Award Finalist - LGBTQ Anthology Written by and for trans and non-binary survivors of domestic violence and sexual assault, Written on the Body offers support, guidance and hope for those who struggle to find safety at home, in the body, and other unwelcoming places. This collection of letters written to body parts weaves together narratives of gender, identity, and abuse. It is the coming together of those who have been fragmented and often met with disbelief. The book holds the concerns and truths that many trans people share while offering space for dialogue and reclamation. Written with intelligence and intimacy, this book is for those who have found power in re-shaping their bodies, families, and lives.

How do we love? With romance. With work. Through heartbreak. Throughout a lifetime. As a means, but not an end. Love in all its forms has been an abiding theme of Jeanette Winterson's writing. Here are selections from her books about that impossible, essential force, stories and truths that search for the mythical creature we call Love. "This book challenges historians of all periods to come to terms with the distortions that they systematically introduce into their work by their reliance on what has been written on paper without looking at what was and was not written on the body. Historians use textual evidence to try to understand what people did in the past. But in interpreting that textual evidence they make assumptions about what past peoples could see. In particular they make assumptions about the way in which the classificationsof language were visible to the eye, as well as conceivable in the mind. This book is concerned with the ways in which texts relating to classical Greece, and in particular to classical Athens, classified people and with the extent to which those classifications could be seen by the eye. It compares the qualities distinguished in texts with those distinguished in sculpture and painted pottery and emphasizes the frequent invisibility of the categories upon which historians have laid most stress - the citizen, the free person, the foreigner, even the god. The frequent impossibility of seeing who belonged to which category has major political, social, and theological implications, which are variously explored here. It also has implications for how history is written which go far beyond the case of classical Greece. Nothing short of a revolution in what historians are prepared to treat as source material will be required to take account of the findings of this book"--
